# NEWSLETTER

**January 1-15, 2005**

# STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **January 1-15, 2005.**

## CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613  
Fax: (916) 323-3018  
e-mail: [state.clearinghouse@opr.ca.gov](mailto:state.clearinghouse@opr.ca.gov)  
website: [www.opr.ca.gov/clearinghouse/clearinghouse.shtml](http://www.opr.ca.gov/clearinghouse/clearinghouse.shtml)

Questions regarding federal grant notices should be directed to **Sheila Brown**.

Questions regarding processing of environmental documents should be directed to:

**Scott Morgan**  
Associate Planner

## CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 212) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE  
P.O. BOX 3044  
SACRAMENTO, CA 95812-3044

## INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

## MEMORANDUM

### Governor's Office of Planning and Research State Clearinghouse

**Date:** December 5, 2003  
**To:** All CEQA Lead Agencies  
**From:** Terry Roberts, Director, State Clearinghouse  
**Re:** Submission of Electronic CEQA Documents to State Clearinghouse

In order to take advantage of the cost and time savings associated with electronic documents, the State Clearinghouse will accept electronic documents under the following conditions:

1. Electronic documents shall be on CD, and the file format shall be either Adobe PDF or Microsoft Word.
2. For EIRs, each CDs must be accompanied by a printed copy of the Executive Summary. This allows the State Clearinghouse and the reviewing agencies to efficiently route the document to the proper persons.
3. Negative Declarations and Mitigated Negative Declarations will not be accepted on CD. However, any separately bound technical appendices to the document may be submitted on CD.
4. For certain projects, particularly large infrastructure projects such as airport expansions, the State Clearinghouse may request a certain number of hard copies. In addition, the lead agency shall honor a special request from a responsible or trustee agency which requires a hardcopy for purposes of review and comment.
5. This policy does not invalidate CEQA Guideline §15205, which requires a public agency submitting printed documents to the State Clearinghouse to send, in addition, an electronic copy of the document, *if available*.

If you have any questions regarding the submission and circulation of environmental documents, please contact the State Clearinghouse at (916) 445-0613 or [state.clearinghouse@opr.ca.gov](mailto:state.clearinghouse@opr.ca.gov).

**KEY:**

NOP	Notice of Preparation
EIR	Draft Environmental Impact Report
ND/MND	Negative Declaration/Mitigated Negative Declaration
NOD	Notice of Determination
NOE	Notice of Exemption
EA	Environmental Assessment (federal)
EIS	Environmental Impact Statement (federal)
OTHER	Other types including Final EIRs, Early Consultation, etc.

**NOTE:**

There are more Total Documents than Total Projects because there are often multiple environmental documents filed for any individual project.

# CEQA Documents

## Key for abbreviations of Document Type:

CON	Early Consultation Notice
EIR	Draft Environmental Impact Report
SIR	Supplemental EIR
SBE	Subsequent EIR
EIS	Draft Environmental Impact Statement
EA	Draft Environmental Assessment
JD	Joint Document (CEQA/NEPA)
FONSI	Finding of No Significant Impact
Neg Dec	Negative Declaration/Mitigated Negative Declaration
NOE	Notice of Exemption
NOD	Notice of Determination
NOP	Notice of Preparation (of an EIR)
Oth	Other type (none of the above)

## CEQA Actions

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Monday, January 03, 2005</u></b>			
2005014001	Sierra Northern Railway - Abandonment Exemption Surface Transportation Board West Sacramento--Yolo Abandon 9.27 miles of rail line. Salvage track, ties, and other railroad appurtenances and to dispose of the right-of-way.	<b>EA</b>	01/14/2005
2004011019	The Oaks Renovation/Expansion Project - Revised Thousand Oaks, City of Thousand Oaks--Ventura Phased Renovation and expansion of The Oaks Mall to add approximately 496,914 square feet of retail space and 1,754 new parking spaces.	<b>EIR</b>	02/16/2005
2004041116	East Los Angeles Area New High School No. 1 Los Angeles Unified School District --Los Angeles LAUSD proposes to construct a new high school to accommodate expected growth and relieve overcrowding at Roosevelt High School. The proposed project involves the acquisition and demolition of existing commercial and residential uses and a City of Los Angeles Housing Department building currently located on the project site. The proposed project would provide up to 1,026 two-semester seats and would operate on a traditional calendar with standard hours of operation from 7:30 a.m. to 3:30 p.m.	<b>EIR</b>	02/16/2005
2002122068	2002 Zone 40 Water Supply Master Plan Sacramento County Water Agency --Sacramento The purpose of the 2002 Zone 40 Water Supply Master Plan is to identify future water demand and the facilities necessary for water supply requirements based on approved land use in the Zone 40 Service Area.	<b>FIN</b>	
2003032132	#99323-ECPA (Robert Mondavi Properties at Suscol Springs Vineyard) Napa County --Napa The Project is the earthmoving activities on slopes greater than 5 percent associated with installation of the ECPA, and the subsequent planting and operation of a vineyard proposed by Robert Mondavi Properties. Erosion control measures include drainage systems and vegetative erosion control measures, as designed in the ECPA. Drainage and surface erosion control measures include surface drainage mainlines, drop inlets, gravity outlets, diversion ditches, water bars, straw bale sediment traps, rock sediment basins, in sloped avenues separating vineyard blocks, and vegetative erosion control measures such as cover crop.	<b>FIN</b>	
2004111081	Vesting Hunter Ridge Project Murrieta, City of Murrieta--Riverside The project component with the potential to physically change the environment is the grading, construction and occupancy of a proposed 114-lot residential subdivision on approximately 51 acres of the project site. The entitlements that must be issued by the City on the approximate 91-acre site prior to implementing the residential component of the proposed project consist of: a change in the existing Rural Residential (RR) General Plan and zoning of the project site (with a	<b>FIN</b>

2005011021	Viewpoint Estates (TTM 03-02) Poway, City of Poway--San Diego A proposal for a 5-lot subdivision of approximately 85 acres, consisting of 4 residential lots and one open space lot, located south of High Valley Road at the southerly terminus of Tooth Rock Road, in the Rural Residential A (RR-A) / Open Space Resource Management (OS-RM) zone. The 4 residential lots are between 4-6 acres in size and the open space lot is approximately 65 acres. Tooth Rock Road, south of High Valley Road, provides access to the site and will be improved from its current state to City standards. Road improvements, on and off-site, also include the provision of a public recreation trail that will connect with other trails on, and in the vicinity of, the site. The project will also involve the provision of a looped water line connection which will be in Tooth Rock Road and through the developed properties to the north of the site.	<b>Neg</b>	02/07/2005
2005011022	Salton Sea Odor Abatement Project Salton Sea Authority --Imperial, Riverside 12-month odor abatement pilot project involving anchored, floating, solar-powered water circulators. If pilot phase is successful, it may be followed by a 2-year implementation phase. Both phases of the project would include ongoing water quality sampling, and periodic maintenance of the units involving hoisting them out of the water to remove accumulated barnacles.	<b>Neg</b>	02/07/2005
2005011023	TTM 16973 Adelanto, City of Adelanto--San Bernardino Development of 30 single family lots and 1 commercial lot on a currently vacant site between Seneca Road and Palmdale Road, near the intersection of Seneca Road and Verbena Road in the City of Adelanto. Project includes all infrastructure and improvements to support the new subdivision.	<b>Neg</b>	02/07/2005
2005011024	Paiz Minor Use Permit / DRC2004-00057 San Luis Obispo County Cambria--San Luis Obispo Proposal by Dave and Sienna Paiz for a Minor Use Permit / Coastal Development Permit to allow for a new 1,351 SF garage with guesthouse above. The project will result in a site total of 1,628 SF of footprint and 2,888 SF of gross structural area on an approximately 7,400 SF parcel. There will be approximately 252 cubic yards of material removed as a result of the grading for the project. The project also includes the removal of four oak trees and two pine trees. The project site is located at 1920 Dorking Avenue, on the south-west corner of Sandown Place and Dorking Avenue, approximately 180 feet south of the intersection of Sandown Place and Ardath Drive. This project is located in the North Coast Planning Area.	<b>Neg</b>	02/07/2005
2005011025	South East Elementary School Project Carlsbad Unified School District Carlsbad--San Diego The Carlsbad Unified School District will utilize ten acres of vacant property for the purpose of constructing an elementary school to meet educational needs of students within the proposed housing development and surrounding area.	<b>Neg</b>	02/07/2005

<b><u>Documents Received on Friday, January 07, 2005</u></b>			
2005011026	J. B. Aguerre (Tentative Tract Map 16672) San Bernardino County --San Bernardino Tentative Tract to create 20 lots on 21.21 acres with variance to allow lots less than 150' wide and exceeding the 1:3 width to length ratio required by the County Development Code.	<b>Neg</b>	02/07/2005
2005012019	John Muir Medical Center Interim Uses Walnut Creek, City of Walnut Creek--Contra Costa Relocation of existing heliport. Temporary mobile medical unit. Reconfiguration of existing loading dock. Temporary construction office trailers. Removal of several trees.	<b>Neg</b>	02/07/2005
2005012020	Laurel Curve Safety Improvements Caltrans #6 Scotts Valley--Santa Cruz The California Department of Transportation proposes to improve a section of SR 17 in Santa Cruz County near Scotts Valley, from 0.1 km south to 0.43 km north of Laurel Road. Proposed improvements include widening shoulders and lengthening turn lanes.	<b>Neg</b>	02/07/2005
2005012021	William & Linda McIntire Siskiyou County Planning Department Etna--Siskiyou The applicants proposes a Zone Change and Tentative Parcel Map, involving a total of 14.97 acres. The zone change is proposed to support the division of the 14.97-acre property into one parcel and a designated remainder by changing the existing zoning from AG-2 (Non-Prime Agricultural, with 10-acre minimum parcel sizes) to R-R-B-5 (Rural Residential with 5 acre minimum parcel sizes). Proposed Parcel 1 contains a 0.6 acre area of AG-1-B-80, which is legal non-conforming and would remain unchanged.	<b>Neg</b>	02/07/2005
2005012022	Thomas B. Shepard & Virginia G. Thomas Zone Change / Tentative Parcel Map (Z-04-09 / TPM-04-12) Siskiyou County Planning Department Mount Shasta--Siskiyou The applicants propose a Zone Change for a 2.5 acre portion of 46 acres, located north of Deetz Road. The zone change is proposed to support the division of the 46-acre property creating one 2.5 acre parcel by changing the existing zoning from R-R-B-40 (Rural Residential with 40 acre minimum parcel size) to R-R-B-2.5 (Rural Residential with 2.5 acre minimum parcel size). No change in the zoning of the access and remainder are proposed; the parcels would remain zoned for R-R-B-40 and Res-1 uses. A Tentative Parcel Map (TPM-04-12) is concurrently proposed for the creation of the parcel and a remainder.	<b>Neg</b>	02/07/2005
2005012023	Franklin Water Treatment Plant Sacramento County Elk Grove--Sacramento Construction and operation of non-potable storage tank/pump station facility and a groundwater treatment plant in the Zone 40 area of the Sacramento County Water Agency.	<b>Neg</b>	02/07/2005

<b><u>Documents Received on Friday, January 07, 2005</u></b>			
2005012024	Lake Terrace Apartments Clearlake, City of Clearlake--Lake The Lake Terrace Apartment Project Revised Initial Study/Mitigated Negative Declaration evaluates the potential environmental impacts of the approval of a revised grading permit for the proposed development of a 60-unit apartment complex on an approximately 6.1-acre site located at 7055 Old Highway 53 and the establishment of an onsite restoration/mitigation area on an approximately 1.5 to 2-acre adjacent parcel included in the project.	<b>Neg</b>	01/26/2005
2004099031	TPM 20702 ER Log No. 02-20-001, Van Cleve TPM San Diego County Department of Planning and Land Use --San Diego The proposed Resolution Amendment is for an exception to road width requirements for two sections of the private road due to physical constraints and to waive the requirement for AC paving.	<b>NOD</b>	
2004102068	Crooked Creek Estates Elk Grove, City of Elk Grove--Sacramento Amendment to East Elk Grove Specific Plan, Rezoning, Tentative Subdivision Map, and Design Review of Subdivision Map.	<b>NOD</b>	
2004112011	Cosumnes River Pedestrian Bridge at Rancho Murieta Rancho Murieta Community Services District --Sacramento The project, a pedestrian and bicycle bridge, is a three span, 410' long by 12' wide, treated timber truss structure supported on circular concrete piers and concrete "seat type" abutments. The substructure construction will require the excavation of surface bedrock for the spread footings on the north river bank. The south abutment will require driven steel piles. Rock slope protection will be installed at the abutments for erosion protection during high flow events. The bridge approach pathways will be constructed to join the existing pedestrian trails on each side of the river. Consequently, since the Rancho Murieta development communities on both sides of the Cosumnes River are gated communities, there will be no general public access to the pedestrian/bicycle bridge.	<b>NOD</b>	
2004122031	2005 Option and Short-Term Water Purchase and Sale Agreement between Glenn-Colusa Irrigation District and Certain State Water Project Contractors Glenn-Colusa Irrigation District (GCID) Willows, Williams, Colusa--Glenn, Colusa Under an option agreement, GCID proposes to sell and transfer to certain State Water Project contractors, and said contractors propose to buy and receive from GCID, a short-term supply of up to 80,000 acre feet of surplus water made available by GCID during the 2005 irrigation season. If said contractors exercise their option under the agreement, GCID will provide this surplus water in accordance with a forbearance program undertaken by GCID in cooperation with its landowners who voluntarily decide to participate in the program.	<b>NOD</b>

2005018088	El Porto Retaining Wall Project Manhattan Beach, City of Manhattan--Los Angeles Replace existing retaining wall, handrails, wood pole wall.	<b>NOE</b>	
2005018089	Upgrade Vista Points and Park and Ride Caltrans #2 -- Caltrans proposes to upgrade nine Vista Points and ten Park and Ride facilities to be compliant with the ADA as required by 1990 federal legislation. Deficient facility elements include reserve parking stall striping, accessibility aisle striping, ADA parking signs, curb ramp slopes, and parking pavement cross slopes. This project will not effect the ingress and egress on the adjacent mainlines. All of the work is on existing AC pavement except for two locations, sites 18 and 19. No additional R/W is required and no sensitive resources will be impacted by construction at these sites.	<b>NOE</b>	
2005018090	Realign Curve Caltrans #2 --Tehama Caltrans is proposing to realign one curve on SR 36 at Post Mile 99.6/99.9. The project will increase the existing 623-foot radius curve to 886 feet and widen the paved shoulder to 4 ft. An engineered vertical alignment will be constructed to replace three vertical undulations. The eastbound right turn lane on to SR 32 will be lengthened to improve safety. A small amount of right of way will be purchased on either side of the highway to allow for the slopes to be cut back and stabilized. Clear recovery will be provided by removal of approximately 100 trees along the construction. No threatened or endangered species or archaeological resources will be disturbed by construction of the project.	<b>NOE</b>	
2005018091	Improve Road Safety Near Round Mountain Caltrans #2 --Shasta Caltrans proposes to improve safety on SR 299 near Round Mountain west of Buzzard Roost Road by improving nonstandard horizontal and vertical curves. The work scope includes adding 2.4-meter shoulders, removing trees and vegetation, and constructing a box culvert to convey stream waters under new fill. The fill material will come from within the project limits. Design speed inside the project area will increase from 30 to 52 mph. The new alignment will pass underneath existing electrical transmission lines with adequate clearance. Permits (401, 401, and 1600) will be required.	<b>NOE</b>	
2005018092	Land Sale to Johna Ross Caltrans #2 --Plumas Caltrans proposes to sell parcel 002-039-01-01 in Plumas County as a decertification of state right-of-way to Ms. Johna Ross. There are no archaeological or biological issues associated with the decertification.	<b>NOE</b>	
2005018093	Solar Panel & Circuit TV Caltrans #2 --Shasta Construct solar panel and closed circuit TV.	<b>NOE</b>

2005018094	Disposal Site Poker Bar Road Caltrans #2 --Trinity Disposal site is located immediately adjacent to Poker Bar Road to the northwest. Disposal will occur from the northern edge of shoulder on SR 299 west of Poker Bar Road and will remain in out existing right-of-way to the north. It is estimated the disposal toe will extend approximately 70 to 73 meters north of SR 299 centerline. Access to site will be pioneered from Poker Bar Road.	<b>NOE</b>	
2005018095	Roadcut Soil Survey, Humboldt Redwoods State Park Parks and Recreation, Department of --Humboldt The purpose of the project will be to map soils within the Bull Creek Watershed and adjacent areas within the Humboldt Redwoods State Park. The mapping is part of the Humboldt County Natural Resource Conservation Service revised county soil map. Examination of roadcuts will require the scraping of soil from the roadcut to a depth no greater than 12 inches and will include no more than 12 inches of roadcut width. All soil that is removed from the cut will be collected on a tarp. The soil will then be redistributed on an area at least 100 feet from any drainage feature and with enough surface organic material to interrupt soil transport from overland flow.	<b>NOE</b>

2005011033	Rosedale Ranch Project (GPA/ZC #04-0671) Bakersfield, City of Bakersfield--Kern Annexation of 1,655 acres of unincorporated land in Kern County by the City of Bakersfield, and a General Plan Amendment and Zone Change to accommodate a master-planned community of low, low medium, and high medium density residential; general and mixed use commercial; and light industrial uses. Additionally, the project would involve a Development Agreement with the City of Bakersfield and rescinding the portion of the Rosedale Ranch Specific Plan which covers the subject site.	<b>NOP</b>	02/08/2005
2005011039	City of Banning Comprehensive General Plan and Zoning Ordinance Updates Banning, City of Banning--Riverside The Project is the Comprehensive General Plan and Zoning Ordinance Update for the City of Banning, which addresses 14,824.48+/- acres within its corporate limits and 8,730.61+/- acres in the City Sphere-of-Influence and other unincorporated lands in the planning area; the total planning area encompasses 23,555.09+/- acres. The General Plan includes changes to land use designations and circulation systems, and new goals, policies and programs for all General Plan Elements. The Zoning Ordinance update will comprehensively update the City's development code, and will be consistent with land use designation changes being made to the General Plan.	<b>NOP</b>	02/08/2005
2005012029	Buena Vista Rancheria Casino Project Buena Vista Rancheria of Me-Wuk Indians of California Ione--Amador The Buena Vista Rancheria of Me-Wuk Indians of California proposes to develop, construct and operate a casino on Tribal lands located near Buena Vista, Amador County, California.	<b>NOP</b>	02/08/2005
2005012030	Sand Hill Estates Private Access Road and Driveways Woodside, City of Woodside--San Mateo The Town of Woodside received an application in December of 2003 from Woodside Developers, LLC, seeking approval of a Site Development Permit and a Conditional Use Permit for the construction of a private roadway and driveways. The roadway and driveways would facilitate future development of five existing residentially-zoned parcels comprising the 92.2-acre project site. The proposed road would extend from the current terminus of Lawler Ranch Road in a northerly direction, and continue to the end of the existing Quail Meadows cul-de-sac as an emergency-access only connection. Development of the five parcels for residential uses would be subject to separate future permit applications.	<b>NOP</b>	02/08/2005
2004052140	Oakland International Airport Materials Management Program Oakland, Port of Oakland--Alameda The Port of Oakland (Port) is developing and implementing a program to manage materials generated from ongoing construction, demolition, maintenance, and operations-related projects and activities at Oakland International Airport (OIA). The program is known as the Oakland International Airport Materials Management Program (MMP). Materials generated from OIA projects would be eligible for inclusion in the MMP and all crushed and recycled material would be either reused at the OIA or disposed of at a permitted landfill off Port property.	<b>Neg</b>	02/08/2005

2005011028	Price Canyon Road Widening Project; ED99-126 / P12A178 San Luis Obispo County Pismo Beach, San Luis Obispo--San Luis Obispo The County of San Luis Obispo Department of Public Works is proposing to widen Price Canyon Road to accommodate new Class II bicycle lanes for a distance of approximately 1.7 miles between Ormonde Road northward to SR 227. The County's Bikeways Plan designates this particular segment of Price Canyon Road as a proposed Class II Bicycle Lane. Price Canyon Road was, as part of a separate undertaking, widened between Pismo Beach northward to Ormonde Road to accommodate new Class II bicycle lanes. The project represents the second phase of the widening of Price Canyon Road, and also would accommodate new Class II bicycle lanes within new 8-foot wide roadway shoulders. Two bridges would be widened as part of the proposed project, over the UPRR and at West Corral de Piedra Creek. The widening project would be built in two phases, with several years separating each phase. The project is located in an unincorporated area of San Luis Obispo County, approximately eight miles southeast of the City of San Luis Obispo and approximately four miles north of Pismo Beach.	<b>Neg</b>	02/08/2005
2005011029	Olson - W. Connecticut Avenue Condominiums Vista, City of Vista--San Diego The project consists of a Specific Plan Amendment to change the land use designation on the site from commercial to multi-family residential, and a Tentative Parcel Map, Site Development Plan, and Condominium Housing Permit to develop 48 condominium units on 3.23 acres.	<b>Neg</b>	02/08/2005

2005011035	Dwelle (Granite Properties) PLN030617 Monterey County Carmel--Monterey A series of terraced retaining walls installed without permits consisting of three soldier-beam (i.e. steel I-beam) retaining walls between which beams of pressure-treated wood were stacked from about four to seven feet high as well as four 6" x 8" pressure-treated wood-post and plank retaining walls, all ranging in length from approximately 25 to 100 feet; 95 cy of grading; adjacent to wetland.	<b>Neg</b>	02/08/2005
2005011036	Tentative Tract Map No. 17006 Adelanto, City of Adelanto--San Bernardino The proposed project consists of Tentative Tract Map No. 17006 to allow for the subdivision and development of 14 gross acres into 54 residential lots for detached, single-family residences in the R-1 zone with a minimum lot size of 7,200 SF.	<b>Neg</b>	02/08/2005
2005011037	Waste Management of Orange Transfer Station Orange, City of Orange--Orange The proposed project is part of an application to the City of Orange to modify previously approved Conditional Use Permit 1799 (which allowed the construction and operation of a waste transfer facility) to allow the following: 1) The overnight storage of waste at any time (rather than limited to emergency situations), 2) The transfer of a small volume of waste in the Multi-Use Building, 3) The Public Redemption Center to operate outside, 4) The expansion of the area used for handling and storage of recyclable materials to the area between the MRF/Transfer Building and the scale house/HHW storage area.	<b>Neg</b>	02/08/2005
2005011038	EA SD 10-04; GPA 6 / ZC 12 / PD 3, Map 140; Alteration of the Boundaries of Agricultural Preserve 10 - Exclusion Kern County Planning Department Bakersfield--Kern (a) An amendment to the Kern County General Plan from 8.3 (Extensive Agriculture - Minimum 20 Acre Parcel Size) to 7.1 (Light Industrial); (b) a zone change from A (Exclusive Agriculture) to M-1 PD (Light Industrial - Precise Development Combining) on 40 acres; (c) A precise development plan for the conversion of two existing agricultural buildings into: (1) a heavy/construction equipment sales/shop/warehouse building, and (2) a contractor's office/shop/warehouse building with associated storage yards; and (d) the exclusion of 40 acres from the boundaries of Agricultural Preserve No. 10. The project site is a 40-acre portion of an 80-acre parcel. Intent is to subdivide the 40-acre portion into 6 parcels, ranging in size from 4.8 acres to 10 acres, and industrially develop them. With the exception of the land uses described above however, no other development is currently being proposed. The M-1 District is limited to activities conducted within a building that does not emit fumes, odor, dust, smoke, or gas beyond the confines of the building within which the activities occur or produce significant levels of noise or vibration. More information on uses allowed in the M-1 District can be found at: <a href="http://www.co.kern.ca.us/planning/pdfs/zo/1936.pdf">www.co.kern.ca.us/planning/pdfs/zo/1936.pdf</a> . The purpose of the PD Combining District is to identify areas with unique site characteristics or environment conditions or areas surrounded by sensitive land uses to ensure development in such areas is compatible with such constraints. Development in the PD Combining District is discretionary and, therefore, subject to further environmental review. No	<b>Neg</b>	02/08/2005

2000071079	Elevado TPM 20316RA, Log Number ER97-08-028A San Diego County, Department of Planning and Land Use Bonsall--San Diego The project is a Resolution Amendment of an approved minor subdivision of 17.19 acres into four single-family residential lots ranging from 3.4 to 4.7 acres. The amendment is to allow an access road crossing of an unnamed creek that was not considered in the previous CEQA analysis.	<b>NOD</b>	
2002062082	Elk Grove General Plan Amendment Elk Grove, City of Elk Grove--Sacramento Two additional sites with proposed land use designation amendments, known as sites 21 and 29, were analyzed in the Final SEIR.	<b>NOD</b>	
2003112101	Esplanade Multi-Purpose Trail/Park Pacifica, City of Pacifica--San Mateo The applicant proposes public coastal access improvements on city owned property located at the top of the bluff along Esplanade Ave. between Manor and Avalon Drives. A 12-foot wide, 430-foot long multi-purpose trail along the bluff top would provide access and recreational areas to pedestrians, bicycles, and persons of limited mobility. The gently curving alignment of the trail would touch Esplanade Avenue in two areas along the length of the trail. The project also includes overlook points with benches, native revegetation habitat, a rip-rap/concrete valley gutter, and signage that identifies the location of all access ways, bicycles routes, destination areas, environmentally sensitive habitat, and hazardous conditions. Additionally, a 3'-6" high split-rail fence close to the trail and overlook areas would be constructed to provide public safety.	<b>NOD</b>	
2004012100	Water Supply System Improvements Parks and Recreation, Department of --Sonoma - Replace and modify the existing water treatment facilities to comply with current standards and operational needs. - Develop additional finished water storage capacity - Add automatic chemical treatment to the Fort Ross Creek well to retard iron bacteria biofilm growth and maintain well production - Rehabilitate the water supply line support structure at the Fort Ross Creek crossing.	<b>NOD</b>	
2004021080	Tentative Tract Map 2003-217 (No. 16611), Conditional Use Permit 2003-218, and Variance 2003-359 Big Bear Lake, City of Big Bear Lake--San Bernardino To subdivide an existing 3.19-acre property into eight single-family custom home lots. A new street is proposed to serve the lots to provide access to Big Bear Boulevard. A variance application has also been submitted in conjunction with this project to vary from the standard lot dimensions for five of the eight lots and to construct walls up to eight feet in height within setback areas.	<b>NOD</b>

2005018106	Line 2000 Span Coverage Corona, Riverside County Regional Water Quality Control Board, Region 8 (Santa Ana), Riverside --Riverside The intent of the project is to cover an exposed 36-foot high pressure gas pipeline span with native fill to prevent damage to the unprotected pipe from rocks and debris, and to reduce the need for continued vegetation management. At present, the span sits within the low point of a stream channel where it has become nearly obscured by woody vegetation and where regular contact with moist soil subjects the span to an increased change of rust and corrosion. A contract crew of four will use an excavator to first remove riparian vegetation from either side of the span, then cover the line with 178 cu yds (60 ft. long x 20 ft. wide x average 4 ft deep) of clean, native fill stabilized with a riprap berm of 36 cu yds (60 ft long x 4 ft deep x 4 ft wide) to prevent the loose material from washing downstream.	<b>NOE</b>

<b><u>Documents Received on Wednesday, January 12, 2005</u></b>			
2004091031	<p>Wilshire Comstock Los Angeles City Planning Department --Los Angeles</p> <p>The project applicant proposes to develop the vacant project site with 35 condominium units (and 8 accessory maids rooms) pursuant to the previous TTM approval. The approximate 202,000 square foot high-rise residential building would be 21 stories or approximately 281 feet in height. 52.8 percent or 13,203 square feet of the existing vacant lot would be developed with the proposed high-rise building. The remaining 47.2 percent or 11,814 square feet of the project site would consist of open space. Parking would be provided on-site for approximately 111 vehicles in a three level subterranean parking structure. Total grading would consist of approximately 38,600 cubic-yards of soil. Pursuant to Section 16.50 of the Los Angeles Municipal Code, the project is subject to Design Review Board oversight to ensure that specific design criteria of the Westwood Community Plan is implemented into the design elements of the proposed project (the project is exempt from the Wilshire-Westwood Scenic Corridor Specific Plan as the TTM was approved between July 25, 1972 and June 5, 1980). The record map will not be modified. The applicant is voluntarily agreeing to the preparation of an environmental impact report (EIR) which will provide a detailed analysis of Geology and Soils, Transportation/Traffic and other environmental factors deemed to be potentially affected.</p>	<b>EIR</b>	02/25/2005
2004092016	<p>Union Ranch Specific Plan EIR Manteca, City of Manteca--San Joaquin</p> <p>The proposed project, Union Ranch Specific Plan (Plan) will guide development of approximately 553 acres of land with low density residential, commercial/mixed use, and open space/trails. Guidelines for land use development, infrastructure, planning, zoning, and architectural design are included in the Plan. The Plan area is located within the City of Manteca's Urban Service Boundary, north of Lathrop Road and east of Airport Way, and includes the following assessor's parcel numbers: 197-020-12, -13, -14, -16, -18, -19, -33, -34, -37, -38, 42, -43, -44, and -45; 204-100-02, -09, -11, -13, -14, -15, -16, -17, 21, -22, -23, -24, -25, and -26.</p>	<b>EIR</b>	02/25/2005
2005012041	<p>Shinn Historic Park and Arboretum Fremont, City of Fremont--Alameda</p> <p>The project sponsor, the City of Fremont, proposes to relocate the Santos barn from a temporary to a permanent location at the Shinn Historical and Arboretum, which is on the City of Fremont's list of primary historic resources and on the California Register of Historic Places. The project entails moving a 50-foot by 26-ft barn approximately 15 feet west to its proposed location and placing it on a permanent foundation. The existing barn, donated to the City in 2002, would be stabilized and could eventually be renovated and made available for public use.</p>	<b>NOP</b>	02/10/2005
2005011050	<p>Major Subdivision Application No. 010012- Estancia Merced County Merced--Merced</p> <p>To subdivide 35.06 acres into 25 one acre parcels located west of Hillcrest Drive approximately 1/8th of a mile south of Old Lake Road in the Merced area designated as Merced Rural Residential Center - Agricultural Residential land use in the General Plan and is zoned A-R (Agricultural Residential).</p>	<b>Neg</b>	02/10/2005

<b><u>Documents Received on Wednesday, January 12, 2005</u></b>			
2005011051	French Park Traffic Plan Santa Ana, City of Santa Ana--Orange Proposed project involves the implementation of a traffic management plan to reduce neighborhood cut-through traffic.	<b>Neg</b>	02/10/2005
2005011052	South and East Colonias Road and Drainage Improvements Imperial, City of --Imperial The project goal is to improve Streets and Drainage within the south and east portions of the city of Imperial that have been identified as colonias. Curb, gutter, lighting, and sidewalks will be constructed. The Dahlia and Date Canals will be routed underground within the project area to eliminate safety concerns. The project will also add 15" diameter line for stormwater drainage.	<b>Neg</b>	02/10/2005
2005012040	Johansing Use Permit Trinity County Planning Department Hayfork--Trinity Use Permit to allow recycling center utilizing outdoor storage.	<b>Neg</b>	02/10/2005
2005012042	Kylynn Estates Mount Shasta, City of Mount Shasta--Siskiyou Subdivision of 2.1 acres into 9-units. This requires a Conditional Use Permit in this zone. Project includes construction of public streets and connection to city utilities.	<b>Neg</b>	02/10/2005
2005012043	Vista Ridge Apartment Project (a Low-Income Rental Project) Red Bluff, City of Red Bluff--Tehama The proposed project entails construction of a 56-unit low-income multi-family residential development on approx. 7.0 acres. The project includes six two-story buildigns and a one-story recreation building.	<b>Neg</b>	02/10/2005
2005012044	Loomis Hills Remediation Toxic Substances Control, Department of Loomis, Rocklin--Placer The property contained fruit orchards from the early 1920's to 1980's. As part of the orchard operation, pesticides, including both inorganic (lead arsenate) and chlorinated organic pesticides (e.g., DDT) were applied to the orchard area. A rusty transformer was located on the site. Arsenic, DDT, Lead and PCB from the transformer was identified as the main soil contaminates. The project proposes to excavate approximately 1800 cubic yards of soil and transport it to a permitted facility.	<b>Neg</b>	02/10/2005
2005012045	Lower Castle Rock Trail, and Indian Trail Closures Parks and Recreation, Department of Auburn--Placer This project would close two unauthorized non-designated riding areas and three authorized designated trail segments. These areas cannot be brought up to the State's OHV Soil Conservation Guidelines/ Standards (excluding Chaparral Trail). These trails will not be reopened because of steep gradients, poor alignment, and erodable soil type. Because of these issues, the Guidelines require the closure and subsequent rehabilitation. Feasibility of realignment will be considered.	<b>Neg</b>	02/11/2005

<b><u>Documents Received on Thursday, January 13, 2005</u></b>			
2005012047	Burney Water District Well No. 9 Burney Water District --Shasta The Burney Water District has three active wells that supply all of the water to this community. Wells 6 and 8 supply the Low Pressure Zone (LPZ) and Well 7 supplies the High Pressure Zone. In order not to pump during peak power demand periods the District has chosen to rely upon available storage and, if necessary, transfer between the High Pressure Zone (HPZ) to the Low Pressure Zone (LPZ). The HPZ is supplied only by Well 7, thus the proposed Well 9 would provide a much needed backup water source for this pressure zone. The work for the Well No. 9 consists of drilling, a 250-foot pilot hole, E-logging the pilot hole, drilling and completing an 18-inch cased by 16-inch screened potable water well to approximately 230 feet. The well will be constructed in 2005.	<b>Neg</b>	02/11/2005
2005012060	Reading Street Modifications Folsom, City of Folsom--Sacramento To reconstruct the portion of Reading Street between Sutter Street and Leidesdorff Street, including bus turnouts, pedestrian and bicycle facilities, and interpretive historical exhibits, to serve a Light Rail Transit station opening in Fall 2005.	<b>Neg</b>	02/11/2005

	certain off-site improvements to support the development. These off-site improvements are primarily infrastructure elements, and would include street, storm drainage, and sewer and water improvements.		
2004091164	Tentative Tract Nos. 16465 & 16627 Redlands, City of Redlands--San Bernardino The City of Redlands has received an application from Walton Development, LLC for the development of two tentative tracts. Tentative Tract No. 16465 is the development of approximately 30.4 acres into 75 residential lots and three common lots, including 6.4 acres of open space, located in the Redlands Airport flyover area, proposed as habitat for the San Bernardino Kangaroo Rat (SBKR). The open space would be partially planted with citrus trees.	EIR	02/28/2005
	Tentative Tract No. 16627 is the development of approximately 12.1 acres into 33 residential lots and one common lot. An estimated 4 acres corresponding to the flyover area for the Redlands Airport would be left as open space and be planted with citrus trees and also be used as potential SBKR habitat.		
1997061047	LAX Master Plan Addendum and Supplement to the DEIR/EIS Los Angeles, City of Los Angeles, City of--Los Angeles The Los Angeles International (LAX) Airport Master Plan Program represents a long-term vision of the airport's facilities and will serve as a strategic plan to guide future development. At its meeting on December 7, 2004, the City Council of the City of Los Angeles considered the LAX Master Plan Program and reports the following actions taken as follows: 1. Adopted the resolution to overrule the Los Angeles County Airport Land Use Commission determination regarding the LAX Master Plan Actions based the proposed State Aeronautics Act; complied with the California Environmental Quality Act by certifying the EIR, adopting the Findings, Statement of Overriding Considerations and the Mitigation Monitoring & Reporting Program; and approved the LAX Master Plan Program. 2. Amended the General Plan including the Westchester-Playa del Rey Community Plan, the Framework Element, the Transportation Element, and the Noise Element, deleting the LAX Interim Plan, and adopting the LAX Plan. 3. Adopted the Final LAX Master Plan as the strategic framework for long-term airport development. 4. Approved acquisition of properties listed in the City Plan Case No. 2004-5793-PWA. 5. Conceptually approved the Draft Relocation Plan with instructions to the Board of Airport Commissioners to file, once approved, the LAX Master Plan Program Final Relocation Plan with the Council. 6. Approved the Airport Layout Plan. 7. Denied the appeals and approved the Tentative Tract Maps #54407, 54408, and 54409.	FIN	
2003101117	Sunset Millennium (East and Middle Parcels) West Hollywood, City of West Hollywood--Los Angeles The project is proposed for development on two sites within the City of West Hollywood's Sunset Specific Plan (i.e., Sites 4-C and 4-D). Site 4-C is located at the southeast corner of Sunset and La Cienega Boulevards. As proposed this site would contain a total of 235,000 square feet consisting of two hotels, retail, and	FIN

2005011064	Peaceful Valley Ranch; GPA 03-05, R03-015, TM 5341RPL, P04-048, Log No. 04-19-007 San Diego County Department of Planning and Land Use --San Diego The project consists of 181.3 acres that will be subdivided into 51 total lots consisting of the following: 48 single-family residential estate lots (2-6.2 acres); a 3.7-acre lot for a future fire station and office complex for joint use by the Rural Fire Protection District and the U.S. Fish and Wildlife Service (Lot 49); a 6.7-acre public equestrian facility (Lot 48); 30.8-acre private equestrian facilities including private horse stables and training facilities/polo fields (Lot 51); and 6 street lots.	NOP	02/14/2005
2005011071	Honby Pipeline Project Castaic Lake Water Agency Santa Clarita--Los Angeles The project is the construction and operation of a 60-inch, approximately 9,500-foot water pipeline. It would replace the existing Honby Pipeline, which is undersized (it does not meet current peak demand and will not meet projected future demand) and partially located in an area proposed for development. The existing pipeline connects to the 84-inch Treated Water pipeline from the Rio Vista Water Treatment Plant approximately 6,000 feet west of the westerly property line of the treatment plant. From the connection point, the existing pipeline extends east, roughly parallel to the Santa Clara River, then turns south and crosses the river. It then continues in an easterly direction and terminates at the new Sand Canyon pump station, which is currently under construction and is replacing the existing Honby pump station.	NOP	02/14/2005

2005012067	City of Patterson - New Well #8 Patterson, City of Patterson--San Joaquin Construction and installation of a city owned water well, one million gallon surface storage tank, emergency storage cell, overflow weir, access road fencing and landscaping.	<b>Neg</b>	02/14/2005
2005012068	2004-111 TPM for Mr. Walt & Cynthia Killip Calaveras County Planning Department --Calaveras A division of land, about 2.19 +/- acres, into 2 parcels of 1.1 +/- acres each.	<b>Neg</b>	02/14/2005
2001104007	South Orange County Wastewater Authority Coastal Treatment Plant Bridge U.S. Army Corps of Engineers --Orange The U.S. Army Corps of Engineers propose to implement measures designed to stabilize the SOCWA bridge spanning Aliso Creek in southwestern Orange County. The proposed project consists of a sloping grouted stone grade control structure protecting the invert beneath the bridge. The grade control structure, which as a crest elevation at the upstream end of 8.8 m, slopes downstream at a two percent grade for about 18.5 m. At the upstream end of the structure, a sloping grouted stone cutoff wall will extend to a depth of 2.4 m at a slope of 2H:1V; at the downstream end a similar cutoff wall would be constructed to the same depth at a slope of 3H:1V. The structure would incorporate design features to maintain connectivity between aquatic habitats by creating a low flow passage channel. This would consist of a low flow center channel with a width of 2.4 m and a maximum slope of 10 percent. Large stones would be staggered in the center channel to dissipate energy and to create small eddies and pools for the fish to rest in their passage upstream.	<b>NOD</b>	
2004051112	West Los Angeles College Facilities Master Plan Los Angeles Community College District Culver City--Los Angeles The Facilities Master Plan proposes the construction of new facilities and renovation and modernization of existing facilities, demolition of existing temporary buildings, and the development of new parking structures and landscaping on the West Los Angeles College campus. Completion of the projects proposed under the Facilities Master Plan would result in a net increase of approximately 291,300 GSF and would provide 2,240 additional parking spaces. Currently, there are approximately 419,315 GSF of floor space and 2,128 parking spaces on the campus. The Facilities Master Plan would provide enough space in new and modernized facilities to accommodate an estimated total enrollment of approximately 18,904 students (11,512 full-time equivalent students) and 1,248 employees by fall of 2022. In spring 2004, there were an estimated 9,139 students enrolled and 475 persons employed at the College.	<b>NOD</b>	
2004102099	Subdivision 8790 Oakley, City of Oakley--Contra Costa A Rezone, Tentative Map and Tree Permit for a 20-unit single-family residential development.	<b>NOD</b>

2004121011	IVDA / SBIAA Land Transfer Project San Bernardino County Airports San Bernardino--San Bernardino A key component of IVDA's economic revitalization plan for the San Bernardino area is development of the former Norton Air Force Base as a major employment and transportation center that includes a variety of compatible and supporting uses. With the passage of time, the development plans for IVDA portion of the former base have been refined and more clearly defined to reflect the most viable and effective uses of the former base. SBIAA/IVDA have determined that the current configuration of the airport and off-airport properties are not completely compatible with current development and reuse of the former base. Therefore, IVDA is seeking approval to acquire about 46 acres of airport land from the Airport and transfer about 50 acres of IVDA property to the Airport for incorporation into the Airport property.	<b>NOD</b>

2005019021	Fireside Condominium Downtown Specific Planning Area Civic Centre Commercial District Residential Overlay Expansion Escondido, City of Escondido--San Diego An amendment to the Civic Centre Commercial District of the Downtown Specific Plan to incorporate the property located at 439 W. Washington Avenue (currently the Fireside Restaurant) in the District's Residential Overlay. Currently the Overlay allows multi-family residential and mixed-use developments at densities up to 100 dwelling units per acre (with a maximum limit of 475 total units) on approximately 8.35 acres in the northern half of the district. Approval of this proposal would amend a portion of the Civic Center Commercial (CCC) District of the Downtown Revitalization Area Specific Plan to extend the overlay that permits residential and mixed-use developments to include 439 W. Washington Avenue. Permitted commercial uses would not be affected and would continue to be allowed by the underlying zoning. While the specific plan amendment would allow residential land uses, the entitlement to build a specific residential project would be subject to the City's planned development approval process.	<b>NOD</b>	
2005018148	Sonoma State Historic Tree Removal Parks and Recreation, Department of --Sonoma Remove imminently hazardous historic cottonwood trees from the historic Alameda at the Vallejo Home of Sonoma State Historic Park. 	removed under current emergency conditions with future removals to be accomplished as necessary. Potential impacts to nesting birds to be reduced by accomplishing removal outside of bird nesting season.		
2005018149	Residence Fence Replacement Parks and Recreation, Department of --Sonoma This project will replace a fence that was previously removed due to rot. The location of the installation is at Annadel State Park between the Annadel storage container, which is located adjacent to the Annadel Maintenance Shop, and the Annadel residence pad. The fence will be 6 feet tall constructed of 6 feet cedar fence boards and pressure treated posts, with a double gate. Project supports continued use and maintenance.	<b>NOE</b>	
2005018150	Remove Failing Rock Wall at Blue Wing Inn Parks and Recreation, Department of --Sonoma Remove excessively leaning and failing non-historically significant rock wall at the Blue Wing Inn of Sonoma State Historic Park. This rock wall is adjacent to a private parking area, and is failing due to eucalyptus tree roots uplifting the foundation. Trees have already been removed. Work to be accomplished by park staff.	<b>NOE</b>	
2005018151	New Truckee Agricultural Station Project Food and Agriculture, Department of Truckee--Nevada The Department of Food and Agriculture will secure an easement for 0.007 acres over a portion of Nevada County Assessor's Parcel Number 48-210-08. Easement will provide for realignment of local access to properties east of new Truckee Agricultural Inspection Station. Easement is needed to facilitate safe radius of turn in new access road; remainder of road is on existing state-owned property within the site of the new inspection station.	<b>NOE</b>	
2005018152	Exterior Stairway Repair Parks and Recreation, Department of --Sacramento Repair and replace deteriorated exterior elements of the 1881 Heilbron Mansion at the corner of 7th and O Streets in Sacramento, which is listed on the National Register of Historic Places. Project includes removing and replacing the front stairs/railing/balcony of the north entry, replacing the east stairway, and replacing the west side balcony. As identified in the 2003 Heilbron Historic Structure Report section on "Porticos," these defined areas have rotted and deteriorated to the point of being an extreme safety concern and must be dealt with as soon as possible. Project mainly entails the removal of only non-historic fabric. Original fabric will be replaced only if it is rotted beyond repair. In cases where the original fabric is salvageable, the project manager agrees to use epoxies and/or "Dutchmen" and scarf joints in order to repair and re-use original decorative and structural elements. Project is approved upon the conditions that all balusters and original handrails will be repaired and re-used in their original locations. Non-original handrails will be replaced with examples that match historic photographs or surviving originals. Decorative trim will be re-used unless it is rotted beyond repair. Structural members will be repaired and re-used unless rotted beyond repair. Project manager shall ensure use of scarf joints, stitch plates, and sister joists in order to save as much original fabric as possible. State Historian must be notified if DCU	<b>NOE</b>

2005018155	Streambed Alteration Agreement (1600-2004-0410-R5) Regarding the Carbon Canyon Dam Access Road Repair Project Fish & Game #5 Brea--Orange The Operator proposes to alter the streambed and banks through repair and upgrade of an existing maintenance access road which has severely eroded in recent storm events. The access road is used by County park maintenance crews and U.S. Army Corps of Engineers dam operators to service the redwood forest area and access to Carbon Canyon Dam spillway. The proposed improvements consist of the following: 1) re-establish the existing road with a new all-weather surface (632-feet long, 12-feet wide, and 6-inches thick) composed of curbed concrete; 2) construct 260 feet of hiking trail, including timber water blocks with a 12-inch V-ditch drainage; 3) install a 12-inch PVC drain pipe system to collect low intensity storm flows and dry weather flows to be discharged into the reservoir area below the redwood forest; 4) relocate an existing 3-foot wide drainage V-ditch; and 5) construct a gravel drainage swale to direct flow through the redwood grove to minimize standing water in the redwood forest area. The Operator shall revegetate as proposed in the Biological Survey Report for the Carbon Canyon Park Drainage Project at Brea, dated August 23, 2004, submitted by P&D Environmental.	NOE	
2005018156	Streambed Alteration Agreement (1600-2004-0419-R5) Regarding the Carbon Canyon Regional Park Arundo Removal Project Fish & Game #5 Yorba Linda, Brea--Orange The Operator proposes to alter the streambed and banks by removing approximately 125 acres of Arundo (Arundo donax) within Carbon Canyon Regional Park in the Yorba Linda and Brea area. The parkland is located within	NOE

the U.S. Army Corps of Engineers Carbon Canyon Flood Control Basin, which is leased to Orange County Harbors Beaches and Parks. The proposed project will be a five year process which includes the initial above-ground cutting and clearing of Arundo, followed by the application of an approved herbicide consistent with federal, state and local regulations. Follow up cuttings and herbicide treatments as needed will take place over the next four years. The proposed project will also consist of the construction of at grade access roads within the fully infested areas that have been recently cleared to gain access to the remote stands of Arundo for follow up cutting and herbicide treatment. Once the infested areas recover and maintenance is no longer necessary, the access roads will be abandoned and seeded with native plant species. At no time will any equipment enter the stream channel. The proposed project is funded by the Arundo Removal Grant Funding Program (Index No. 16A). The program is part of the Southern California Integrated Watershed Program managed by Santa Ana Watershed Project Authority, and is funded through Proposition 13 Funds.

2005018157	Female Offender Treatment and Employment Program (FOTEP) & Drug Treatment Furlough (DTF) Corrections, Department of Fresno--Fresno The California Department of Corrections, Office of Substance Abuse Program, proposes to lease approximately 32,000 SF for the Female Offender Treatment and Employment Program and Drug Treatment Furlough.	<b>NOE</b>
